About Us

Spiclo Group of Companies is an India-based import-export company specializing in dehydrated products and spices. We offer high-quality products like dehydrated onion, garlic, ginger, and other agro products, processed with care to preserve their natural taste and quality. With a strong focus on global standards, timely delivery, and customer satisfaction, we aim to deliver the authentic essence of Indian products to markets worldwide.

Global Presence

We export our premium quality products to various countries, building long-term relationships across the globe.

Quality Assurance

Our products are processed under strict quality control measures to ensure purity, consistency and safety.

Wide Product Range

From dehydrated vegetables to aromatic spices, we offer a diverse range of products to meet global needs.

Customer Commitment

We value our customers and are committed to providing the best quality, competitive pricing and reliable service.

BUILDING TRUST. DELIVERING EXCELLENCE.

KEY BENEFITS

Wide Product Range

Comprehensive range of dehydrated vegetables, spices, seeds, and value-added food ingredients under one trusted source.

Hygienic Manufacturing

Produced in clean and controlled manufacturing facilities with advanced processing infrastructure.

Customized Packaging Solutions

Flexible packaging options available to meet bulk, retail, and export requirements.

Competitive Pricing

Delivering superior quality products at cost-effective and market-competitive prices.

Premium Quality Assurance

Products processed with strict quality standards to ensure purity, consistency, and customer satisfaction.

Rich Taste & Natural Aroma

Carefully processed to retain authentic flavor, freshness, texture, and nutritional value.

Reliable Bulk Supply

Strong production capacity with timely delivery support for domestic and international markets.

Trusted Business Partner

Focused on long-term relationships through reliability, transparency, and professional service.

KEY BENEFITS

Superior Product Freshness

Farm-to-facility handling ensures peak freshness is locked in, providing vibrant colors and textures.

Export-Grade Products

Compliant with international regulations and global market demands, ready for diverse distribution channels.

Long Shelf Life

Expert processing and preservation extend product stability, maximizing usability and reducing waste.

Rich Natural Flavor

Pure processes preserve inherent aromas and tastes, delivering authentic culinary experiences.

Consistent Quality Standards

Rigorous specifications and monitoring guarantee uniformity in appearance, texture, and taste across all shipments.

Flexible Packaging Options

Customizable solutions available to fit specific logistical needs, brand requirements, and storage conditions.

Hygienically Processed

Ultra-clean facilities and protocols ensure safety from contamination, maintaining complete purity.

Reliable Supply Chain

Efficient sourcing and efficient logistics networks ensure consistent availability and timely deliveries.

WHY PARTNER WITH SPICLO GROUP?

Consistent Product Quality

Delivering uniform quality standards in every batch for reliable business performance.

Reliable Bulk Supply Capacity

Strong production capability to fulfill continuous and high-volume supply requirements.

Export-Grade Processing Standards

Products processed under strict quality standards suitable for international markets.

Competitive Pricing Advantage

Cost-effective solutions designed to improve profitability and market competitiveness.

Customized Packaging Solutions

Flexible packaging options tailored for retail, wholesale, and export needs.

Rich Aroma & Natural Freshness

Advanced dehydration methods help preserve authentic taste, texture, and freshness.

Timely Delivery Support

Efficient production planning and logistics ensure smooth and timely deliveries.

Long-Term Business Partnership

Focused on trust, transparency, and sustainable business relationships.

HANDLING & STORAGE INSTRUCTIONS

HANDLING INSTRUCTIONS

- Handle packages carefully to avoid damage.
- Keep products away from moisture and direct sunlight.
- Use clean and dry equipment during handling.
- Ensure packaging remains properly sealed after use.
- Avoid exposure to strong odors or contaminated environments.

STORAGE INSTRUCTIONS

- Store products in a cool and dry place.
- Maintain proper ventilation in storage areas.
- Keep away from excessive heat and humidity.
- Store products on pallets away from direct floor contact.
- Ensure containers remain tightly closed when not in use.
